EXPERIENCE

Opentext

Engineering Intern

Oct '23

Hyderabad, IN

- Develop and maintain comprehensive test plans and strategies to ensure the quality and functionality of software products.
- Design, develop, and execute automated test scripts using Selenium, WebDriver, or other relevant tools.
- Thoroughly test all aspects of software components, including functionality, performance, usability, and security.

Technologies Used JAVA HTML / CSS JavaScript Selenium Agile Scrum

PROJECTS

DevGrid- Networking Platform

Web Technologies: React Js, Node Js, MongoDB, API

Apr '23

- A platform where **developers** and **tech enthusiasts** can **connect** with each other, **collaborate** on projects, and **share** their knowledge and experience.
- The **coding profile** helps users keep track of their progress in various coding and development **practice platforms** such as Codeforces, LeetCode, gfg, codechef, and GitHub. It includes a **chart visualizer** that displays the total number of questions attempted by the user in each platform using Rest API.

Android Chat Application

Technologies: Android Studio, Kotlin, Firebase

Sep'22

- Empowered users to effortlessly **create accounts**, **log in** securely, and engage in lively real-time text conversations with other users.
- Powered by the robust Firebase backend, seamlessly integrated for secure **user authentication** and **real-time messaging** functionality.
- Demographic:** 22 users from 7+ Countries Engagement Rate 79.46%

BharatDarshan- Heritage Exploration

Web Technologies: HTML, CSS, JavaScript.

Nov'22

- Designed a paperless ticket booking system for heritage sites, enabling visitors to **easily purchase tickets** and access them from anywhere through various devices.
- The website showcases a variety of destinations and allows users to **filter and search** for options based on their **preferences**.
- The project required me to **research** heritage sites, gather information about the typical ticket booking process, identify the pain points, and develop solutions for the same.

EDUCATION

Lovely Professional University

B.Tech CSE

2020 - 2024

Jalandhar, Punjab

- CGPA: 8.19

Army Public School

PCM Computer Science

2018-2020

Uttarakhand

- Percentage: 81.8%

SKILLS

C++ Java JavaScript Android Firebase React Js Node Js SQL MongoDB Git MVC

COURSEWORK

- Data Structures and Algorithms
- Operating Systems
- Database Management Systems
- Computer Networking

ACHIEVEMENTS

- Solved **400+** problems across all platforms.
- Nominated Team from Software Edition at Gear UP - **Smart India Hackathon (2022)**.
- Unlocked **Code Elevate Program** by Amazon WOW (2023).
- 1,669 Rating** in *leetcode* | **1606 Rating** in *codechef* 3 Star| **Pupil Rated 1269** in *codeforces* @ishakunwar.
- Global rank 385 in Intuit coding challenge.
- Global rank 276 in **CodeChef START109C** out of 3124.
- 2893 / 21040 in **Codeforces** Round 859.
